## WOMEN SEXUAL HARASSMENT AND VIOLENCE AT WORK

### Workplace harassment Definition

Workplace harassment is where a person is subjected to annoying behavior when working.

It is an offensive, intimidating, humiliating or threatening behavior.

95% of women were not aware of any policies and laws in place to protect women against online gender based violence in Uganda

### workplace harassment

humiliating women through insults because she has refused sex intercourse with the employer

Employers deny increment in salaries and overburdening the female employee because she might have refused to sleep with the her boss or the manager
